Beef Order Sheet

Meat Price: \$3.25 per pound of carcass weight

Your total cost (APPROXIMATE):

1/4 beef carcass = about 150 lbs.

150 lbs. x \$3.25 = \$487.50 for the meat

150 lbs. x \$0.75 = \$112.50 for processing

Total = \$600

What you get:

- 1/4 beef = about 90 lbs. cut and wrapped meat.
- This 90 lbs. includes bone-in cuts of meat.
(If you want all boneless meat, you need to tell the butcher and your total pounds will be less.)
- This will take up about 3 cubic feet of freezer space.
- Cuts are your preference as you told the butcher.
- Cost per pound of cut & wrapped meat = (approximately) \$6.33

Processing is done under inspection at either a USDA plant or a Minnesota Equal-To plant. These plants are some distance away, so I will pick up finished meat, bring it back to this area, and arrange a pick-up date unless you prefer to make the trip to pick up your own meat. That means I will pay for the processing at the plant, and will add that processing charge to your bill.

Please visit my website for more information about ordering meat, and contact me with any questions!

WillowSedge Farm Beef Order

Thank you for your order from WillowSedge Farm!

Date: _____

You are welcome to visit the farm. If you would like to schedule a visit, please call me at 218-670-0066 or email: jane@janesfarm.com

Along with your order I am asking for a NON-REFUNDABLE downpayment of:
